Dedicated Bus Lanes

The Dedicated Bus Lanes on Pratt and Lombard Streets are designed to improve the speed and reliability of transit service through downtown Baltimore.

ONLY buses, school buses, bicycles, and emergency vehicles may use the Dedicated Bus Lanes at all times.

Everyone may enter the dashed portions **ONLY** to make a right turn at the next intersection.

Violators will receive a \$90 fine and 1 point on their license.

For more information about how to operate in the dedicated bus lanes go to:
<http://transportation.baltimorecity.gov/dot-divisions/transit>

Additional dedicated bus lanes are proposed for several other downtown streets where bus riders comprise a large share of the traffic on the street. To learn more about the proposed lanes and provide comment please go to
